## QUICK GUIDE TO

# WILL ROGERS STATE HISTORIC PARK TRAILS

**DESCRIPTION:** This is the eastern end of the Backbone Trail and is broken into three segments within the park, Lower Betty Rogers Trail, Inspiration Point Loop Trail, and Betty Rogers Trail. The Backbone Trail continues into Topanga State Park, or follow along the loop to an overlook with a spectacular panoramic view out over Los Angeles.

**DIRECTIONS:** The Backbone Trail segments within Will Rogers State Historic Park are accessed from Backbone Trail - Rogers Road or from the staging area in Will Rogers State Historic Park. From PCH, head east on Temescal Canyon Rd. Take the second right onto Sunset Blvd. Turn left onto Will Rogers State Park Rd. Staging areas will be on the left.

## SAFETY FIRST

In case of **EMERGENCY** dial 911.

For non-emergencies on County trails call the Los Angeles County Sheriff's Parks Bureau Dispatch at (800) 834-0064.

## HAZARDS ON THE TRAIL

Rattlesnakes occasionally sun themselves in the middle of the trail. If encountered, keep your distance and allow space for the snake to retreat.

Poison oak can be identified by groups of 3 leaves going up the branch. It's best avoided by staying on the trail and wearing long pants and long-sleeved shirts to prevent contact with skin.

Ticks are most often found in shaded, grassy areas off the beaten path. Stick to established trails and wear long pants to avoid contact. Check for ticks frequently, especially the scalp, waist and other dark places where they can hide.

## SHARE THE TRAIL

When trail conditions require a right of way for safe passage, **equestrian users have the primary right of way, hikers next and then mountain bikers.** When trail conditions allow and when there is width to safely pass, common courtesy should prevail for all users. Stand to one side of the trail and allow them to pass. When in a group, avoid blocking the trail. **Mountain bikers yield to all trail users.** Anticipate other trail users as you ride around corners. Mountain bikers traveling downhill must yield to all users, including other mountain bikers, headed uphill. In general, make each pass a safe and courteous one.
